5. Shri R.R.Patyal, Member
Deputy Director(SP)
Rep.of Contoller of Stores,HP
6. Er. R.K.Sharma, Member Secy.
Engineer-in-Chief
IPH Department

The agenda items were deliberated in detail and following decisions were taken:-

ITEM NO. I G.I.PIPES:-

The requirement of GI pipes for the financial year 2013-14 was considered by the Committee and MAS/Stock balances of various divisions were

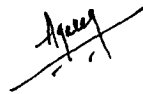

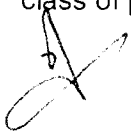

scrutinized. It was observed by the committee that some of the divisions have huge inventory and the proposed requirement needs detailed scrutiny and curtailment. Thus the Committee, in view of the urgency of procurement, decided to call online tenders for the requirement submitted and simultaneously identify and reassess the requirement. The Committee directed the Engineer-in-Chief (IPH) to call online tenders for procurement of GI pipes and finalize the same within one month's period.

ITEM No.II D.I.PIPES

The requirement was discussed in details and the Committee approved and authorized Engineer-in-Chief to call online tenders for the requirement submitted and finalize the same within one month's period.

ITEM No.III HDPE PIPES

The matter was discussed in detail and the Division-wise requirement alongwith MAS/Stock balances of these pipes were scrutinized. It was felt by the Committee that Keylong and Killar have sufficient MAS/Stock balances available against same dia and class for which requirement has been submitted. The Committee directed the Engineer-in-Chief(IPH) to scrutinize and resubmit the requirement of these two divisions for reconsideration by the Committee. The Committee however, approved the procurement of pipes for other divisions against HPCOS rate contract and where not available on DGS&D rate contract as there were nil balances of these diameter and class of pipes for remaining divisions.

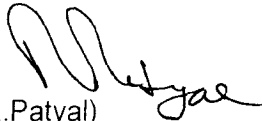

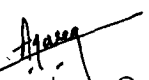

ITEM No.IV G.I.WIRE:-

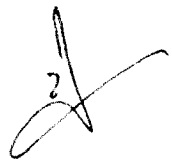

The requirement of GI Wire was scrutinized by the Committee. The representative of HPCOS intimated that the tenders for GI wire are being finalised. Thus, the Committee desired that the procurement be made after finalization of HPCOS rate contract.

The meeting ended with a vote of thanks to the chair.
