EXPLANATORY NOTE:-

WHERE any information under RTI Act, 2005 is required to be supplied by more than one Public Information Officer then in such case, the Public Information Officer of the higher office shall be responsible for supplying the information by collecting it from the PIOs of the subordinate offices. For example; Engineer Officer has been designated as PIO in many Circle Offices for providing any information relating to the matter pertaining to the Circle Office. In case any information being sought by the applicant pertains to more than one division under that Circle then in such case the PIO would be Engineer Officer of the Circle rather than the concerned Executive Engineer.
